"KEEPING THE AGING BRAIN HEALTHY"

Attention All Youth: We will be having a planning meeting/get-together on **Saturday, February 22nd from 7pm to 8:30pm** here at the church. We will be talking about what you would like this youth group to look like and your ideas about what you might like to do in the coming year. This is a very important evening as this is your group and we hope that you would like to have a part in the decision making. Also as usual there will be snacks and beverages available. Please contact Patrick at the church to let him know if you would be attending, so that we know how many we might have for this important discussion.

It has been brought to our attention that all the lights (including the dishwasher) were left on and fire doors (including doors that are to be locked) were left open. We are requesting that everyone help us save money, be more energy efficient and conscious of our environment by turning off all lights, closing all fire doors and locking all doors. Thank you!

How do girls and women manage stress and depression? Are we drinking to cope or sleep?
